

Arkansas Academy of Computing Newsletter

February 17, 2022

Ahh Winter is Here!

It's a great time to pay your dues!

The best way to pay your dues is to log into our web system. Click on the login message in the upper right hand corner of the web site.

And perhaps consider a donation to the Arkansas Students of Distinction Award project.

Eugene Jones

History Project is
Advancing

Events

The Women in IT Conference is Virtual but registration deadline is only a month away.

<https://execed.uark.edu/2022-women-in-it-conference/>

The 2022 RZRbock Hackathon. There two tracks—one track for UA student teams and one track for everyone else which means industry teams as well as industry people with non UA students can be teams. Perhaps some of our AAoC members may want to be on a team.

[Here is a link to our first sample of a History Timeline](#)

We have Started:

Henderson State University
Arkansas Systems
CSCE
Arkansas Internet
Acxiom

It would be wonderful to have timelines from all of the Arkansas Colleges, and of course Systematics!!

If you have a project that you would like to make a timeline for, just drop me a note and we will get started. The best starting place is a date ordered list of the 10-20 events you would like in your timeline.

Hopefully more and different history projects to come!

Thanks!

If you are interested in helping out, please contact Eugene at(501-231-8860).

Scholarship donations are appreciated at:
